Other important information about Courtesy Pay and Debit/ATM Overdraft Opt In

We pay overdrafts at our discretion, which means we **do not guarantee** that we will always authorize and pay any type of transaction.

If we do not authorize and pay an overdraft, your transaction will generally be declined.

The maximum amount your account may be overdrawn is not static and will change according to your account activity. Should you need a specific amount, please apply for a loan or line of credit and make a draw from it to fund your account prior to conducting a transaction that may overdraw your account.

You may be covered by more than one of the above overdraft services.
